...Introductory...

IT HAS been our aim in the canvass and compilation of the 1905 CITY DIRECTORY, to make it better than any previous edition, and we trust that it will give general satisfaction.

We find that the new Directory contains about 2,000 more names than the last one, which represents an increase in population of at least 5,000 people.

In view of the fact that business men of Norfolk, Portsmouth and Berkley have had so many fraudulent Directory schemes perpetrated on them recently and will likely have others between now and 1907, we beg to say that if you are approached in any way by Directory people, you can write us and we will advise you as to whether the book is legitimate or not.

A LIBRARY containing directories of the principal cities of the United States and Canada may be found in the rooms of the Chamber of Commerce for the free use of our patrons.

Thanking you for past favors, we remain,

Respectfully yours,

HILL DIRECTORY COMPANY,

NORFOLK AND RICHMOND, VA.

The Norfolk Landmark

PUBLISHED EVERY MORNING EXCEPT MONDAY.

The Norfolk Landmark is the Leading Newspaper in Eastern Virginia.

CIRCULATION.

It allows examination of circulation by the Association of American Advertisers, and holds their certificate of *bona fide* subscribers. Gives sworn statements to any interested advertiser. The Landmark is one of thirty-eight papers out of over two thousand in United States to be voluntarily awarded the **"GOLD MARKS"** by the American Newspaper Directory. The Gold Marks mean substantiability of subscribers.

THE LANDMARK

Goes to the homes of the people. That's the kind of circulation that pays the Advertiser.

IT LEADS THEM ALL.

As an advertising medium it has no equal in the field, and is read daily in thousands of homes in Eastern Virginia and Eastern North Carolina.

High Standard in all Departments.

Its literary standard is high in all of the various departments. It is the most influential journal in the Eastern part of Virginia. It excludes from its columns a great deal of the best-paying advertising in the country because of the questionable character of the business offered. Its large local business proves how valuable and necessary for their welfare and prosperity the merchants and people generally of Norfolk and vicinity regard its advertising columns.

Its Aim is to Give the News,

LOCAL, STATE, NATIONAL and FOREIGN

in a Clean, Compact and Attractive Form.
